Annette Yoshiko Reed

Jewish-Christianity and the History of Judaism

»Jewish-Christianity« is a contested category in current research. But for precisely this reason, it may offer a powerful lens through which to rethink the history of Jewish / Christian relations. Traditionally, Jewish-Christianity has been studied as part of the origins and early diversity of Christianity. Collecting revised versions of previously published articles together with new materials, Annette Yoshiko Reed reconsiders Jewish-Christianity in the context of Late Antiquity and in conversation with Jewish studies. She brings further attention to understudied texts and traditions from Late Antiquity that do not fit neatly into present day notions of Christianity as distinct from Judaism. In the process, she uses these materials to probe the power and limits of our modern assumptions about religion and identity.

Judenchristentum und die Geschichte des Judentums.
Annette Yoshiko Reed untersucht das »Judenchristentum« im Kontext der Spätantike und im Gespräch mit Judaistik, indem sie überarbeitete Versionen bereits veröffentlichter Artikel mit neuem Forschungsmaterial verbindet.

Annette Yoshiko Reed:
Born 1973; BA from McGill University; MTS from Harvard Divinity School; MA and PhD from Princeton University; currently Associate Professor in the Skirball Department of Hebrew and Judaic Studies and the Program in Religious Studies at New York University.

Main audience:
Scholars and students of Jewish studies, theology, religious studies, and classics; corresponding institutes and libraries.

The Meshalim in the Mekhiltot

An Annotated Edition and Translation of the Parables in Mekhilta de Rabbi Yishmael and Mekhilta de Rabbi Shimon bar Yochai
With the assistance of Esther van Eenennaam

This edition of rabbinic parables (meshalim) in the two Mekhiltot, the tannaitic Midrashim to the book of Exodus (3rd century CE), has a double scholarly purpose. It offers a critical synoptic presentation and study of the textual witnesses of the parables, and a commentary on their meaning and function in their literary and historical context. Moreover, a new English translation of every parable will make the edition a useful tool for interested readers with less knowledge of Hebrew, or those merely looking for a quick reference. This edition, which intends to be the first in a series of editions of parables in all the tannaitic works, is an indispensable tool not only for scholars of Jewish texts, but also for students of the New Testament and early Christian literature, historians of religion in late Antiquity, and those interested in similar literary genres, such as fables.

Die Meschalim in den Mechiltot. Eine kommentierte Ausgabe und Übersetzung der Parabeln in der Mechilta von Rabbi Jischmael und der Mechilta von Rabbi Schimon ben Jochai.

Lieve M. Teugels is professor of Jewish Studies at the Protestant Theological University in Amsterdam and involved in a research project on parables in early Jewish and early Christian literature, funded by the Netherlands Organisation for Scientific Research (NWO).

Esther van Eenennaam is pursuing her master's studies in Religion & Society, Utrecht University and involved with Pardes, an organisation concerned with the study of Jewish sources.

Main audience:
Scholars and students of Jewish studies, theology, religious and classical studies; corresponding institutes and libraries.
